

PAWS ON PLASTIC - LITTER PICK CHALLENGE

Can you help protect animals, communities & our precious environment by picking up some litter on walks? Or by organising your own family litter pick?

- You will need a LITTER PICKER, a BAG and a pair of GLOVES.
- On walks use your litter picker to collect any litter that you find and put it in your bag. Could any of it (like plastic bottles & cans) be recycled? Keep a tally of the types of things that you pick up. ****Please remember to always take care & make sure that you have a responsible adult with you. DON'T touch any broken glass or any items contaminated with human waste e.g. nappies - these should be reported to your local council for safe disposal.**

Material	Tally	Total Amount
Plastic Bottles		
Cans		
Glass Bottles		
Food Wrappers		
Fishing Nets		
Other		

RESULTS

1. Which kind of things did you find the **most** of?

2. Which kind of things did you find the **least** of?

3. What could we do to encourage people to put their litter in the bin?

Thank you so much for protecting animals and our community from the harm of litter & super well done for looking after the environment! Make sure you tell everyone about what you have done to encourage more people to join in.

We encourage dog owners to pick up a couple of pieces of litter on walks to protect animals, communities & the environment. We promote responsible dog ownership & educate on the consequences of littering.
