

Active Travel Barriers Survey

Use this survey to investigate barriers to active travel at your school. Is there something you can change to encourage active travel?

Ask: Why do you not choose active travel or something better than this. And record their answers below. Then use these answers in your Eco-Schools work to improve access to active travel.

Storage: there is nowhere to store a bicycle or scooter when I get to school.	
Distance: I live too far away from school to bike, walk or scoot.	
Roads: I do not feel safe biking or walking to school. There is no safe pavement to use.	
Barriers: There are steep hills, steps, or busy roads in the way.	
Equipment: I do not have a bike/scooter, or it is broken	
Time: my parent/carer drives to work or picks up siblings after the school run.	
Transport: I take a bus to school	
Other:
