

Climate Action Week 2024: Animal Homes

Stage: **EY-P3**

Time: **30-60 minutes**

Introduction: Following our Climate Action Week Live Lesson on animal homes, we would like to invite your children to draw a home inspired by the homes of the animals they saw during the lesson.

Entering the competition

Children's designs can be entered into our competition, with the chance to win a selection of environmental themed books for their nursery / class. Please submit images of children's designs to education@keepscotlandbeautiful.org with the subject 'Climate Action Week animal homes entry'. The deadline for design submission is **Friday 4th October at 5pm**. Submissions received by 3pm on Thursday 26th September will be displayed as part of our Climate Action Week Friday assembly. All designs submitted to the competition will be shared in an online gallery. Three entries will be chosen at random from those submitted and winners will be informed on Monday 14th October.

Activity

Ask children to use the template on page 2 to draw a home they would like to live in. We would like pupils to take inspiration for their drawings from the animal homes they have seen in our Climate Action Week Live Lesson from the Royal Zoological Society of Scotland (RZSS).

Draw a home you would like to live in, inspired by the animal homes you saw during the lesson.
