

Bat Cookbook

Stage: All with adults support

Time: 1-2 hours over 2 lessons

Introduction

Bats are amazing animals that without we would not have many of the delicious foods we eat regularly.

Preperation

Using the recipes found in this links below, choose recipe(s) which you want to cook.

<https://batweek.org/cookbook/>

<https://batweek.org/wp-content/uploads/BatCelebrationCookBook-UPDATED2018.pdf>

Make this a group/class effort by voting on recipes. I would recommend the teacher/adult narrowing down to 3 recipes.

Discussion

In small groups, or as a class discuss aspects of the recipe.

Discussion points:

- Where are the ingredients from
- How might bats help the crop
- Discuss the origin of the recipe
- What do you think would happen without bats
- Do you like the ingredients
- What else are the ingredients found in
- What might this food taste like, what might the texture be
- How does food link to heritage

Cooking

Follow the recipe instructions provided in the cookbook then the best part try your tasty food!

Take photos of each step and share with KSB, we love seeing what schools are up to.
