eco-schools

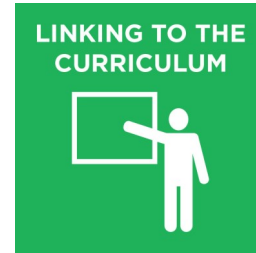

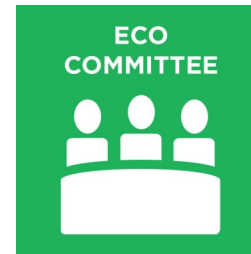

My school is an Eco-School

help environment

Seven Elements

Ten Eco-Schools Topics

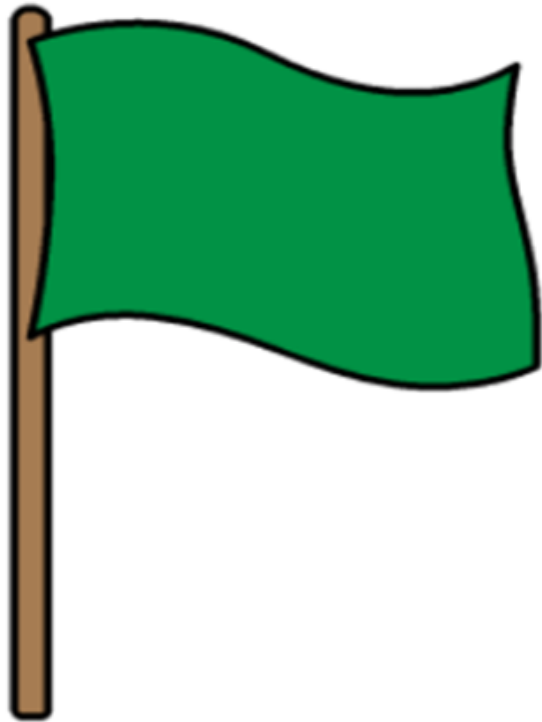

We want to help the environment.

We have lots of ideas.

We work together to help the environment and keep our school tidy.

This is called Eco-Schools.

green flag

Keep Scotland Beautiful is a charity.

They help teach people about the environment.

They ask people not to litter.

Keep Scotland Beautiful helps us with our Eco-Schools work.

We make a plan with our ideas.

Then we work together on projects.

We have fun and learn about the environment.

We can get a Green Flag for our school for our work.

A Green Flag tells everyone that we are working to help our environment.

Here are some of the things we do for Eco-Schools.

We learn about the Global Goals.

The Global Goals are important work to make the world better for everyone.

We are helping.

We teach others not to litter.

Our teachers take us on a Clean Up to keep our school tidy.

We make sure waste goes in the right place.

We reduce, reuse and recycle.

climate change

Lots of people do Eco-Schools,
just like me.

They live in 67 countries.

There are more than 19
million people doing
Eco-Schools.

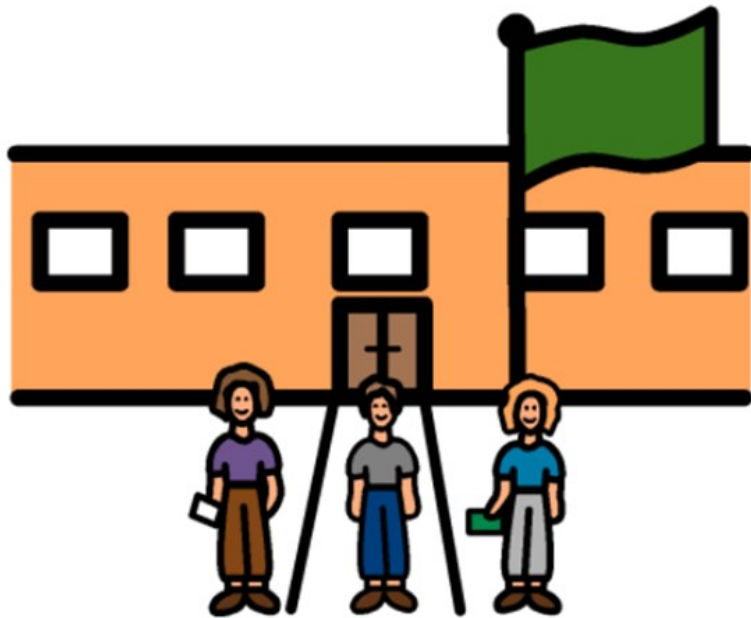

Lots of schools in Scotland do
Eco-Schools, just like mine.

We learn about climate change.

We learn how it affects people around the world.

We take climate action at home and at school.

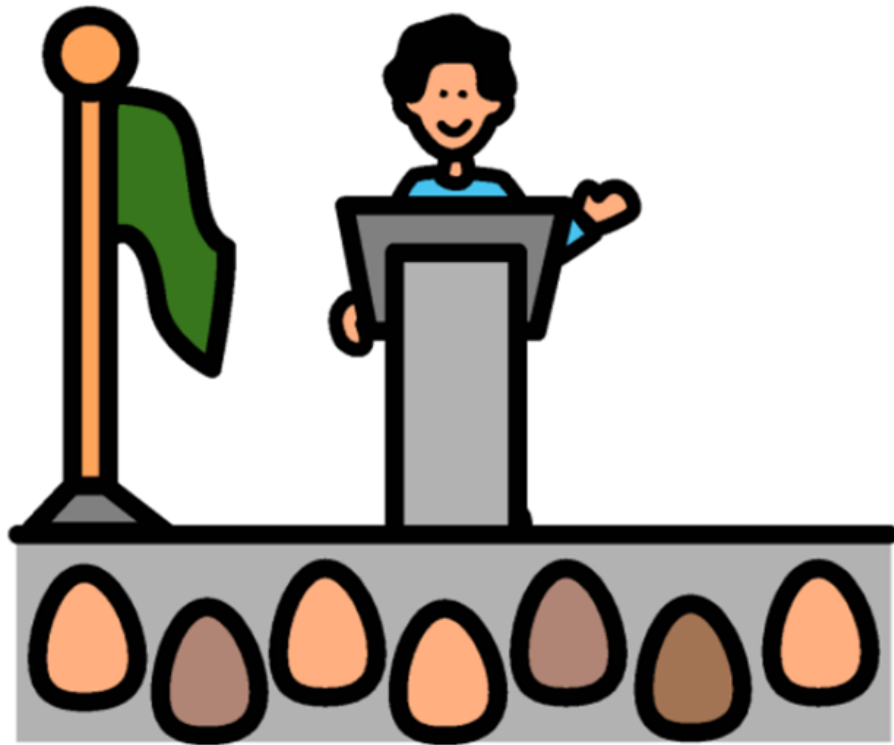

school

We share our work
with our friends at
assembly.

We tell them about
what we have done.

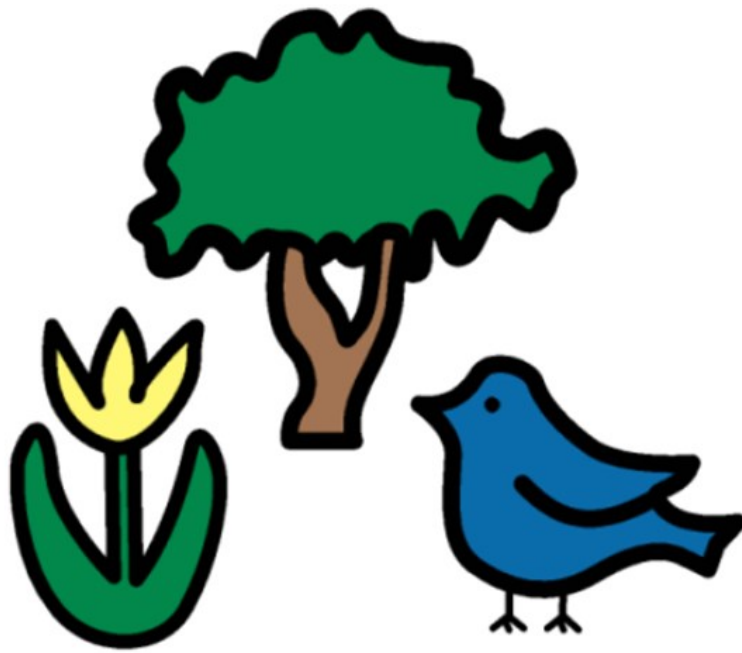

We ask them for their
ideas.

assembly

We take care of our school.

We take care of our
community.

nature

We learn about children in other countries.

We learn about what we can do about climate change.

We share our ideas.

global

We take care of animals and plants.

We make places for animals to live in our school grounds.

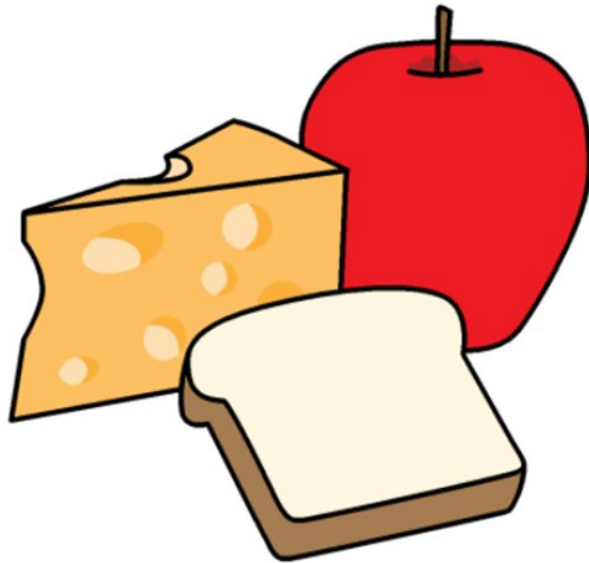

electrical energy

We learn about where food comes from.

We grow food in our garden.

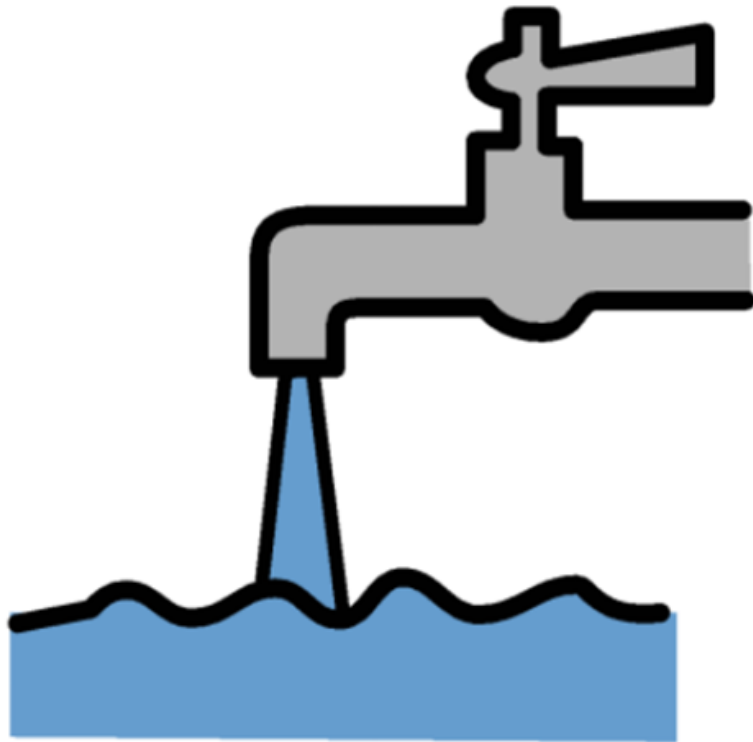

We try food from other countries.

food

We save energy when we can.

We learn about different kinds of energy.

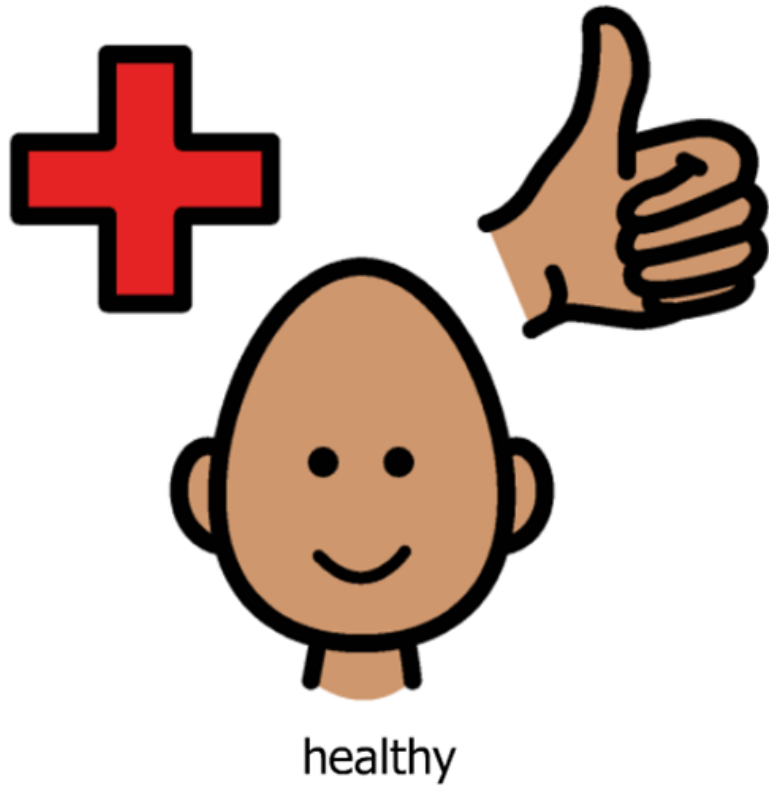

water

We learn about keeping ourselves healthy.

We take care of our friends.

We know taking care of the environment helps to keep us healthy.

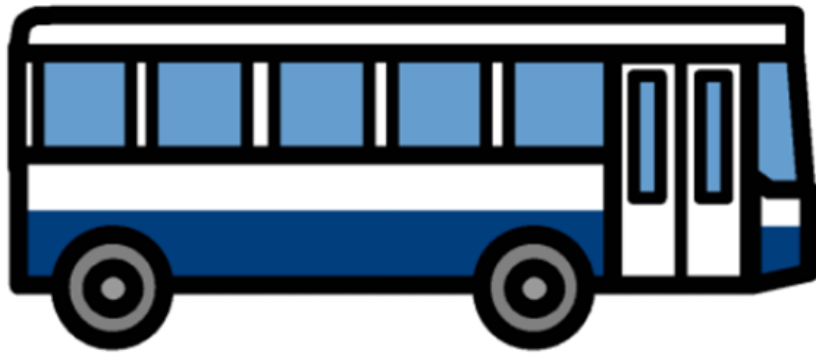

We save water when we can.

We help keep water clean.

We learn about where our drinking water comes from.

bus

We learn about different ways to travel.

We learn how our food travels to the shops.
