

# Traffic Survey

Use this survey to find out how much and what kinds of traffic pass your school. This data can be useful when campaigning for air quality improvements, or road safety.

Count the numbers and types of vehicles that pass a specific location for 15 minutes at a time. Be sure to repeat the survey at different times of day.

<b>Location</b>		
<b>Time</b>	From	to

<b>Car</b>	
<b>Taxi</b>	
<b>Motorcycle</b>	
<b>Bicycle</b>	
<b>Heavy goods lorry</b>	
<b>Pedestrians</b>
