Make a Seashore Litter Critter

You can keep the beach clean and the seashore wildlife safe, by making a Litter Critter, then putting the litter that you use in the bin.

What you will need? Driftwood, Shells, Feathers and most importantly Litter.

Be careful! Don't collect:
- Glass - Old cans
- Anything that looks sharp or dirty

Top Tips
- Traffic cones make good hats
- Take some string and scissors with you to the beach to help

Now you have all the stuff to make your very own seashore critter!

Remember to put you Litter Critter in its new home when they have finished their adventures.

Once you have made your Litter Critter, take a photo so you can show your friends, then take it apart and put the litter in the bin. If you would like to see it on our website, please email the photo to

beach@ksbscotland.org.uk.
