

Monthly Themes

Every month, we choose a theme to focus on. This year our broadened monthly themes include our work across Keep Scotland Beautiful with communities and groups all over Scotland. Each theme matches one of our Eco-Schools topics.

In addition, we have made links to the UN Sustainable Development Goals (Global Goals) which give our themes a wider context and reinforces the international nature of the Eco-Schools programme.

Month	Theme	Eco-Schools Topic	Global Goals
August	Education	All	 
September	Food	Food & the Environment	 
October	Sustainable Transport	Transport	
November	Energy	Energy	
December	People	Sustaining Our World	  
January	Water	Water	 
February	Innovation	Litter	 

Month	Theme	Eco-Schools Topic	UN Sustainable Development Goals
March	Waste	Waste Minimisation	 
April	Health	Health & Well-being	 
May	Biodiversity	Biodiversity	 
June	Places	School Grounds	
July	Climate Change	All	

An Introduction to the Goals

Our summary of the Sustainable Development Goals and how they fit with Eco-Schools. **Who** decided on the goals, **What** the 17 Goals are, **Why** the goals are important and **How** your school can help achieve them. Contains possible learning activities, links to learning outcomes and selected resources. [Download now](#).

At Keep Scotland Beautiful, we have identified where we have the biggest potential to contribute to the 17 Global Goals, and will collate evidence from our activities to demonstrate our support. Find out how [our work across Keep Scotland Beautiful](#) contributes to the Global Goals.
