

One Planet Picnic Scottish Food Map

Here's a map of Scotland to help you keep a record of where your One Planet Picnic food comes from.

- Use sticky dots and labels to mark on the map where your ingredients come from.
- Display the labelled map at your One Planet Picnic.
- If people are bringing their own food to share, invite them to use sticky dots to show where their main ingredients are from.
- Take a photo of the finished map to share and tag us in: [@KSBSScotland](#) [#OnePlanetPicnic](#).
