

Good Food Nation consultation

Good Food Nation Consultation on Proposals for Legislation – the 4 consultation questions are here for you to note down the results of your group vote and main discussion points to explain your vote and represent your views. Please submit them online [here](#) by 23:00 on Tuesday 26 March 2019.

Consultation Question 1

To what extent do you agree with the framework proposals for Ministers and public authorities to prepare statements of policy, have regard to them in the exercise of relevant functions, and report on implementation, with regard to international obligations and guidance?

Question 1 is asking

How far do you agree with the proposals for Ministers and some public authorities to make a food policy and then:

- *make sure that they remember the policy when they should do,*
- *report on any progress made towards putting these policies into actions and the success or otherwise of those actions and,*
- *remember international agreements and guidance when they make the policy.*

Consultation Question 2

Whilst we do not plan to require all sectors to prepare statements of policy on food, they do all have a role to play in achieving our Good Food Nation ambition. To what extent do you agree that Government should encourage and enable businesses in particular to play their part?

Question 2 is asking

The government recognises that other sectors e.g. private business in the food industry must all be involved in creating successful change, however they will not be asked to make a policy on food. How far do you agree that the Government should help them to participate?

Consultation Question 3

To what extent do you agree with the proposed approach to accountability of Scottish Ministers and specified public authorities?

Question 3 is asking

How far do you agree with the government's ideas for making sure that Scottish Ministers and public authorities explain their progress on putting their policy into action and what the impact of it has been?

Consultation Question 4

To what extent do you agree with the proposal for targeted legislation relevant to specific policy areas as an alternative to a single piece of legislation?

Question 4 is asking

How far do you agree with the proposal to have targeted laws to resolve different food issues separately, instead of having a single law?
