

Can you crack the Code?

The hidden word is one of the most important values needed for being a positive global and local citizen.

Each letter equals the result of a sum. Can you reveal what it is by cracking the code?

17 68 11 28 21 35 38

--	--	--	--	--	--	--

A = $17 + 5 + 6$

C = $\frac{1}{2}$ of 44

H = $10 + 12 + 8 + 5$

E = double eight and then add 1

I = three times nine

P = $(6 \times 3) - 7$

M = 73 takeaway 5

R = $51 - 39$

T = 3×7

O = $(7 \times 8) - 4$

Y = half 100 and then subtract twelve
